Company Overview:

Finance Express provides its nationwide network of independent automobile dealerships and consumers with leading-edge online loan processing and dealership management tools.

The Finance Express dealer management system is currently the only program truly designed for the needs of the independent auto dealer. Our goal has always been to provide the independent auto dealer with one solution including electronic connectivity to lenders nationwide, inventory management, F & I tools, desking, e-forms, lead generation and accounting.

The FEX system is unique in that it is the only program available that provides auto dealers with a single seamless solution and auto lenders with the safety and security of completing the title transfer, lien registration and funding process through a fully licensed escrow company.
